New York Mills Water Service Line Inventory – Notification of Accessibility: The City of New York Mills has completed and submitted our service line materials inventory to the Minnesota Department of Health. The service line inventory is publicly available, and you can check the materials for your service line by visiting the Lead Inventory Tracking Tool (LITT) at <https://maps.umn.edu/LSL/> you may also contact us at 218-385-2213. To complete the service line inventory our system reviewed available records, conducted property owner surveys, and conducted field inspections of service lines. As of 09/26/2024, our service line inventory includes no service lines containing lead material, 17 service lines composed of (all or in part) galvanized steel material requiring replacement, 246 service lines composed of (all or in part) unknown material, and 387 entirely non-lead service lines.
